ANNUAL REPORT 2016-17

Founder's Message

Dear Vision Partners, Stakeholders & Friends,

Each year I share with you the gigantic strides made by LOLT and with immense gratitude acknowledge your unflinching support each continuing year.

An unstoppable silent revolution which was started by LOLT in 2005 and has so far impacted **38874** lives directly and **80632 community members** indirectly across more than **833 villages** in India, from this year going forward lets as a collective call it the "LOLT MOVEMENT". Your support and inspiration coupled with Team LOLT's dedication are the architects of the LOLT Movement designing the literate future of our youth.

I take this opportunity to introduce you to two of our initial **Anando** beneficiaries who have fulfilled their ambitious dreams through the LOLT Movement - **Ms. Jagruti Baikar** has completed her MBA Finance with a First Class from Mumbai University with 66.06% and **Mr. Prasad Gaikwad** has completed Civil Engineering with a First Class from Mumbai University with 67.09%.

This success has reinforced our belief and the LOLT Movement has in the current therefore expanded Project Anando with 8 new centres in **Jalna, Washim, Nandurbar and Raigad Districts** in **Maharashtra** and an additional centre in **Seoni District** in **Madhya Pradesh**.

With immense pride I share with you that our **Anant Programme** presented its maiden venture - **Kalpataru, a musical** in association with **Flowering Tree Inc**, and **Artscape Production** on 22nd April in Mumbai and 24th April in Pune. 25 Anant children were a part of this musical, an adaptation of an ancient Kannada Folk Tale

Now let me take you through the inroads made by our **Project Jagruti** – initiated in 2010 at Tiware, Karjat Taluka, which supports the holistic development of underprivileged rural communities. Project Jagruti reaches communities through three major programmes across Community Centres operating from Tiware, Kadav & Kashele villages in Karjat Taluka, Raigad District & in Pokharan, Thane District. In November 2016, we initiated a new community centre at Kashele, Karjat Taluka, Raigad District to reach out to 40 villages in interior areas. The details of inroads made under Project Jagruti are highlighted separately in the executive summary which is a part of our **Annual Report 2016- 17**.

It is only with your unflinching & unconditional support that we could raise ₹ 54,23,732/- for the 2nd consecutive year at the Standard Chartered Mumbai Marathon 2017. It was your benevolence and whole hearted support which made me the 3rd highest fundraiser and I was felicitated on behalf of LOLT by actress & sportswoman Ms. Gul Panag.

May we get all the strength, energy and focus to continue the LOLT Movement and help break the poverty cycle to build a robust and prosperous India.

God Bless you all!!!

The social worker counselled his parents and made them understand that he has a good future despite the handicap. The social worker shared the examples of 2 teachers who are handicapped and working as Government teachers, of which, one teacher is working in the nearby village. This sharing made the parents more positive about the future of their child, as this would also lessen their problems. On the other hand, Dinesh was made aware of the reservations for the handicap and counselled him as also supported him to resolve the various hurdles before him like - transportation which was resolved by providing him with a bicycle, and making his friends teach him how to ride it. Once he was confident of riding it he was supported in obtaining permission to ride it to school and SFSEP classes. His mother works as a farm laborer but is weak and thus unable to work regularly. Post Diwali holidays Ajay did not return to school. The social worker visited Ajay's home and understood that he had gone to work with one of his maternal uncles and would return five months later. On realizing that if he did not return he would miss his Std IX exam, his maternal uncle accepted that his mother had made a mistake by sending him in this manner. Despite various efforts by his maternal uncle and the social worker Ajay still did not return to school for many months. The social worker finally connected with his mother, and had a long discussion with her, about the importance of Ajay attending school, and completing at least his basic education. His mother finally agreed to send him back, and hence Ajay returned to school. Both her parents and herself, underwent indepth counseling sessions before they were convinced of getting a doctor's advise on the problem. They were accompanied to the doctor in Alibaug city and with treatment she showed remarkable progress. Since Pintu was in Std X this year, the social worker was more alert and began to track their plans in advance. The team started counselling them two months before they migrated and suggested that Pintu stay with relatives after noting the crucial year that he was in. His parents were willing to keep him back but were worried about who would bear his expenses. Part time work was found for Pintu, from which, he would meet his expenses. His relatives were convinced to keep him with a condition, that he would help them in doing their household chores. He was assured of regular contact with his parents through the social worker's cell phone and that he would be able to join his parents as soon as his SSC exam was completed.
